HERNDON HIGH SCHOOL 75th ANNIVERSARY

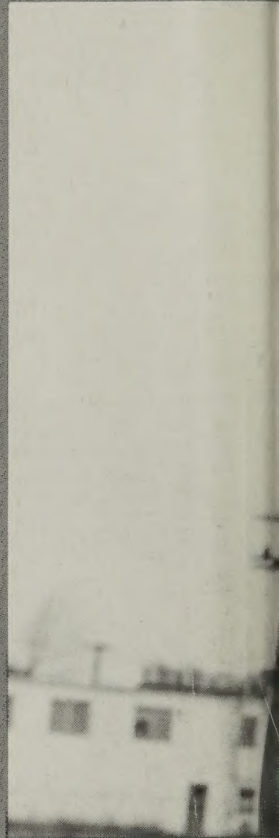

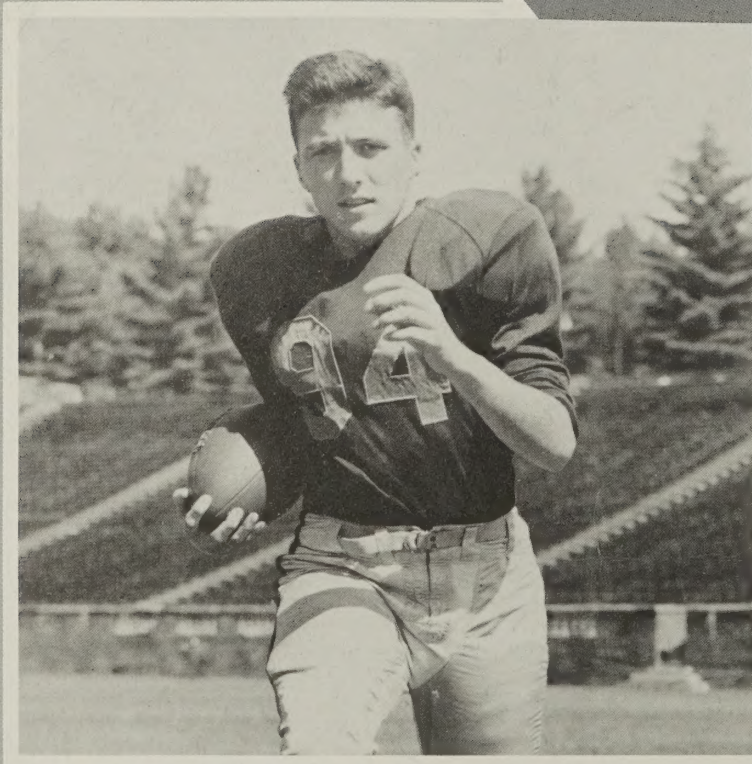

Dedication

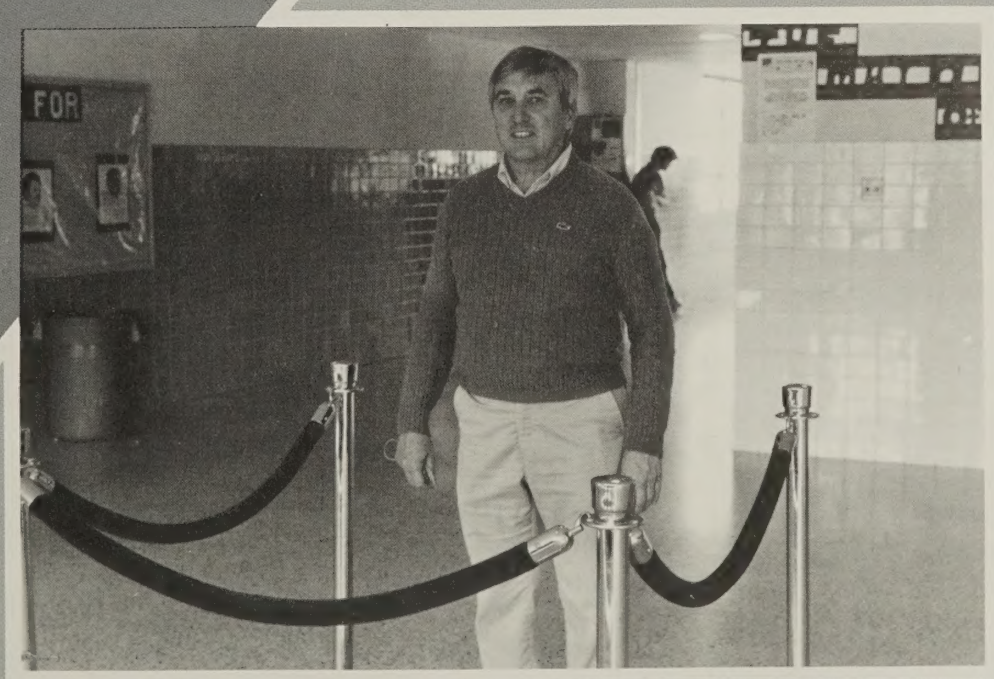

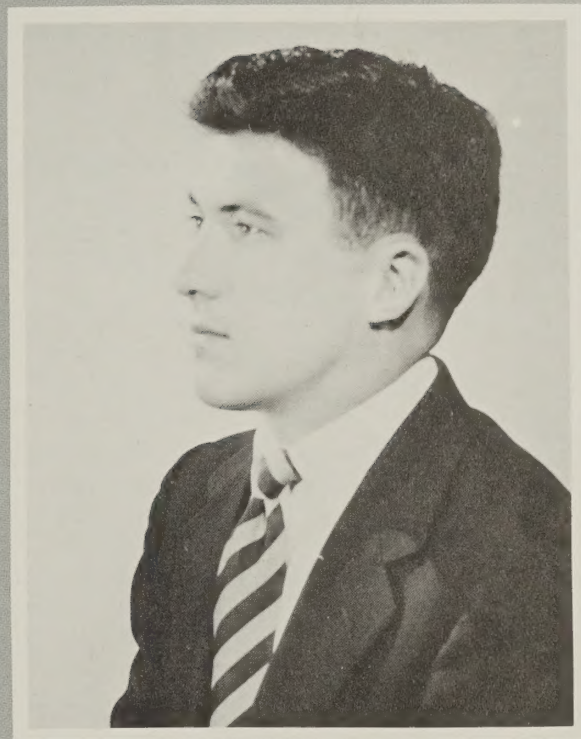

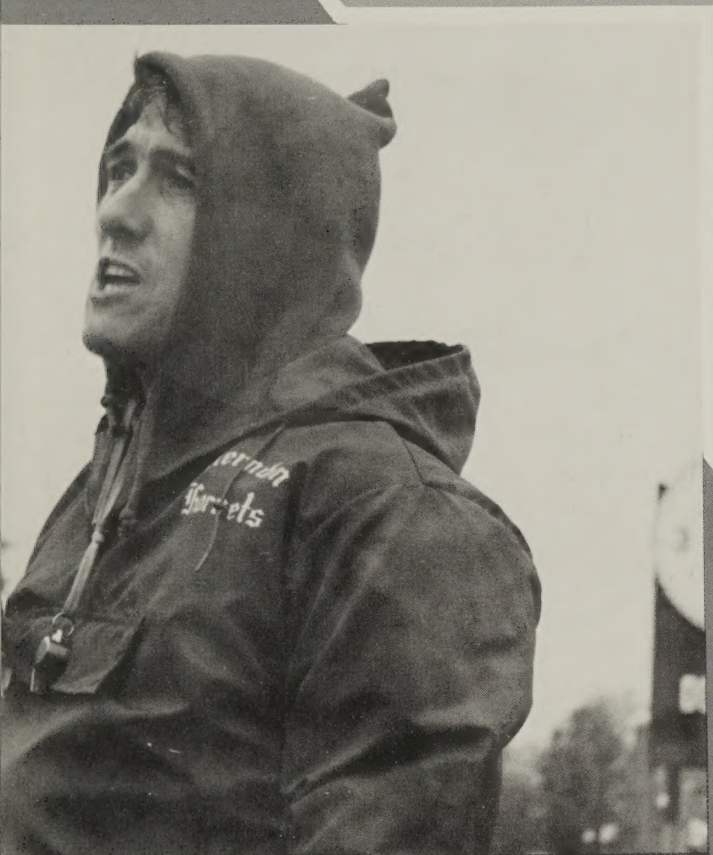

Herndon High School has been an important part of Jim Ashwell's life. He lettered in all varsity sports at Herndon High where he graduated in 1947. He then entered the University of Virginia where he played football and ran track. After graduation in 1952, he served in the United States Navy for two years.

His ambition was always to teach physical education because of his love of sports and kids. This ambition was realized at the same school where he was educated. In 1956 Jim began teaching at Herndon High where he coached football, track, and tennis. Furthermore, Jim and his wife Lorraine (Lodie), live in Herndon, and their three children, Linda, Greg, and Kim have attended Herndon High School.

Jim received a Master's Degree from the University of Virginia in 1969. In addition to teaching and coaching, Jim enjoys golf and gardening. His sense of humor and expertise on the dance floor are well known to his colleagues and friends.

Both faculty and students will miss Jim Ashwell when he retires, but we wish him all the best, including low golf scores!

WHERE WERE YOU 75 YEARS AGO??

Herndon High School was in its first year of establishment. It had 17 students and one part-time teacher. 75 years ago the town of Herndon had a railroad station, today we have Dulles Airport. There was no such thing as a television, or an airplane. The problems of 75 years ago are definitely different from today.

In 1909 Ford declared, "I am going to democratize the automobile. When I'm through everybody will be able to afford one, and about everyone will have one." Well obviously Ford accomplished what he set out to do. The automobile was marketed in 1910.

Herndon High School was established before the Washington Monument, the Lincoln Memorial and the Jefferson Memorial. World War I and II had not been started yet and Woodrow Wilson was the President. Herndon High School even survived the depression. Mass production lines were being built at the time and many of the new ideas of that time are now everyday household items; typewriters, refrigerators, electric sewing machines and so many appliances that we take for granted. Just think there were no jam-boxes, high technology turntables and receivers. Where would the average High School student be right now? America would certainly be different without inventors, inventions and "new idea" geniuses. Mark Twain was still alive in 1909, but little did he think that his classic book, **Huckleberry Finn** would be banned from Fairfax County School libraries.

So many things have happened and America has made more progress in the past 75 years. If we could graph our progress on a chart it would probably look like an inverse square graph—progress verses time. With education and freedom America will keep up the inverse square and will always be the best country in the world.

Homecoming

This year Homecoming Day was bright, clear and sunny; the perfect elements for a great day.

The Spirit Links are always a success. This year the SENIORS won, again.

The Homecoming Pep Rally

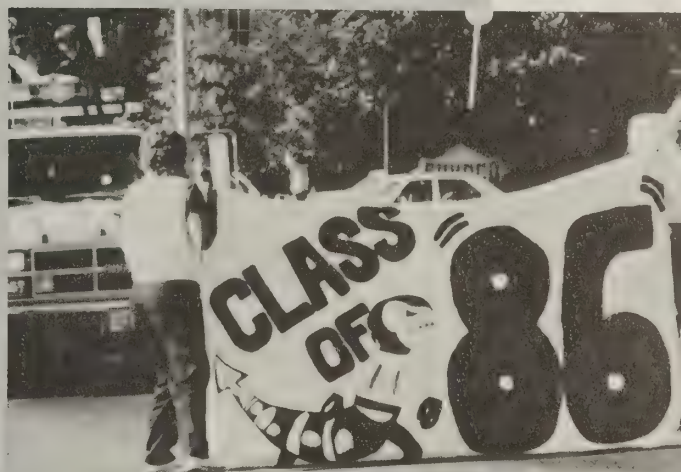

The Class of '64 returns for their 20th reunion.

Rodger Delp with some of the people who helped build the Senior Float. Special thanks goes to Cindy Brown and her family for making the Senior Float possible, thanks a lot Cindy!

The Town of Herndon opened up Elden Street for one day just for the Homecoming Parade.

The Freshmen had a few difficulties with their float, but had fun with their first Homecoming Parade Float.

SENIOR BEACH WEEK!!!

Kriss Whitney

Ellen Wibe

Walter Widelo

Kenneth Wiencko

It's tradition. After graduation, best buddies and friends load the cars, and load the coolers and head out for fun in the sun at the nearby beaches. Most celebrating Seniors are able to be found at Ocean City, Rehobeth Beach, or Virginia Beach. This rowdy week of festivities is commonly known as BEACH WEEK!!

BEACH WEEK is said to be a week long party (or for those who are planning to stay longer, a two week party, or three week party, or four week party, five week . . . etc.) of celebrating. Most Seniors can be seen walking up and down the Boardwalks, or on Coastal Hgwy. letting all within hearing distance know that they have GRADUATED!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

BEACH WEEK is the last time for GRADUATES to be totally immature. They forget their worries, make a few memories that they will always look back on, and have an AWESOME time while they're at it.

So all you Seniors, grab your towels, your suits, your Bain de Soleil, your Jam Boxes, some nice cold . . . COKE (or some other cold beverages) in your coolers, your Boogie Boards, and head for the Beach!! Relax, be merry, have fun, party, and remember these are the best times of your life, but don't forget you will soon die — COLLEGE DAYS are just around the corner.

Administrations

The Year of Change . . .

The change in administration caused much dissent with students and some teachers when we welcomed Mr. Trussell as our new principal this year. As always, any change in routine causes confusion. For students it seemed things would never be the same at good ol' H.H.S.

Seniors seemed to carry more negative feelings than the Juniors, who didn't have as much at stake, or Underclassmen, who were not yet in the positions to feel the change. Senior privileges and the "fight song" seemed to have disappeared. There were no "quick trips" to McDonald's for lunch. Suspensions for leaving campus have always been there but this year were **ENFORCED**. Unexcused absences were just that — unexcused, no exceptions. Rumors spread around the school that maybe even the Drill Team could not perform high-kicks. This new "jail-like" atmosphere did not seem to be a pleasant one.

As time rolled along, things began to cool down. Most students began to realize that everything was not Mr. Trussell's fault, and began to get to know him better.

The new rules were not really new, they just being enforced, so that the students could obtain their optimum education, and teachers could give this education that most students were

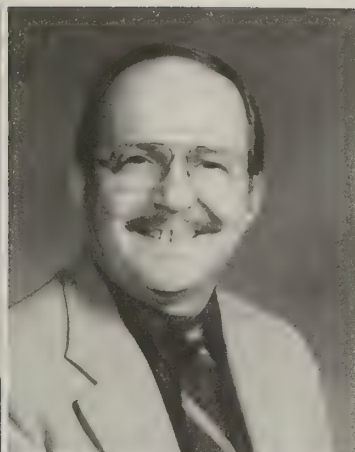

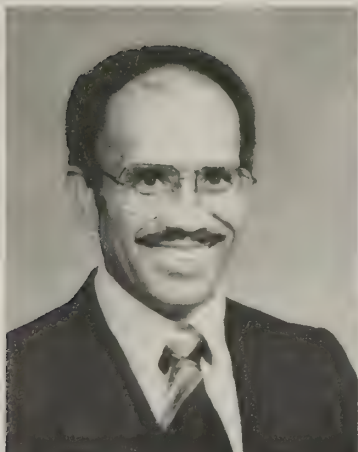

seeking.

Mr. Trussell is actually a great asset to our school and educational environment. He is very involved in our school and student activities. You can always see him at football games, plays and other school events. He even refereed the girl's Powder Puff football game!

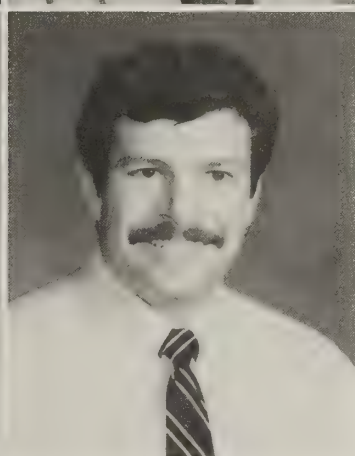

Eventually, the "fight-song" was returned by the first game and students realized Mr. Trussell had nothing to do with the ban of the song. Seniors could have their privileges if they just "asked for them".

Now that students know Mr. Trussell, they feel he is a very caring principal and has their best interests in mind. He always has a smile and his door is always open for anyone. The respect he shows for the students is returned, and has made our school a better place to be.

Today is not yesterday. — We ourselves change. — How then, can our works and thoughts, if they are always to be the fittest, continue always the same. — Change, indeed, is painful, yet ever needful; and if memory have its force and worth, so also has hope. — Carlyle

HERNDON GOES TO THE ARCADE

JONES REVENGE

YOU PLAY THE PART OF A SUB-SCHOOL PRINCIPAL. A NUMBER OF FRESHMAN HAVE DISAPPEARED IN THE MAIN INTER SECTION, NEVER TO BE FOUND AGAIN. YOUR MISSION, BRING YOUR COMPLAINT TO THE PRINCIPAL. BUT LIKE ALL BUREAUCRACIES, YOU HAVE TO SHOOT YOUR WAY THROUGH RED TAPE. BE CAREFUL, THE SECRETARY ON THE OTHER SIDE HAS A LOADED PLANNING BOOK

THACKERIDS

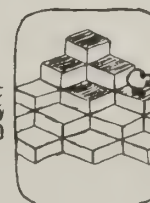

YOU ARE PATROLLING THE PARKING LOT WHEN ALL OF A SUDDEN, SENIORS AIMLESSLY DRIVE AROUND THE PARKING LOT. YOUR MISSION, DESTROY THEM BEFORE THEY SCRATCH YOUR NEW PAINT JOB. BUT WATCH OUT FOR THE KILLER SENIORS. (EASILY IDENTIFIABLE. JUST LOOK FOR THE BLACK CAMARO.)

WEAVER COMMAND

YOU'RE IN YOUR OFFICE WORKING WHEN YOU HEAR A RUMBLING NOISE. YOU LOOK AND SEE THE ENTIRE SOPHOMORE CLASS STAMPING TOWARD YOUR OFFICE WANTING TO CHANGE THEIR BIOLOGY TO BASKET WEAVING 101 (ADVANCED FOR THOSE ON THE FIVE YEAR PLAN.) YOUR MISSION, ZAP THE KIDS BEFORE THEY GET TO YOUR OFFICE. BONUS POINTS FOR THOSE ON THE FIVE YEAR PLAN.

T*BERT

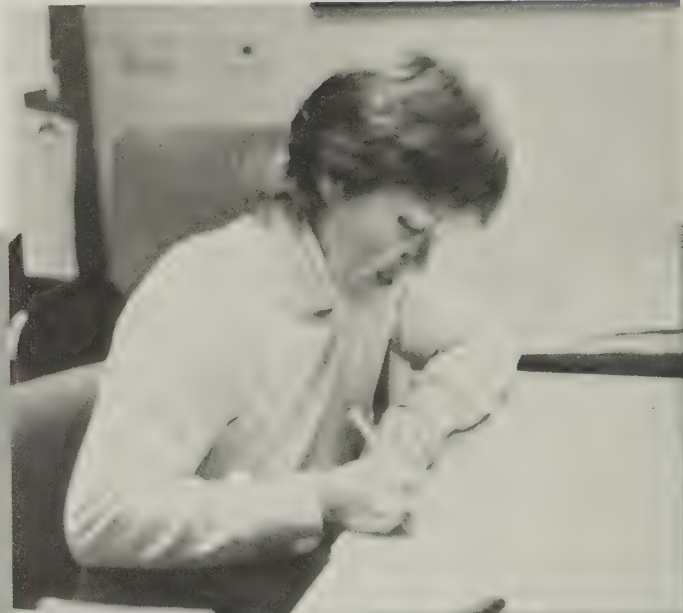

YOU'RE JUST TRYING TO GET THROUGH THE DAY WHEN ALL OF A SUDDEN, YOU'RE BEING CHASED BY FOUR UGLY MONSTERS (WHICH BEAR A STRIKING RESEMBLANCE TO YOUR SUB-SCHOOL PRINCIPALS) YOUR MISSION, AVOID THE MONSTERS (WE DON'T KNOW HOW, THAT'S UP TO YOU)

The English Department aims to provide students with a level of knowledge in English grammar and literature that will be adequate for college work. This is achieved through required English classes which provide the students with knowledge in grammar, vocabulary, word usage and reading skills as well as form an appreciation for various literatures. To supplement the required classes, courses are offered in public speaking, creative writing and drama. The Public Speaking class prepare and present speeches, work with video and radio materials and participate in debates. The Drama class learns techniques in all phases of production and supplement these newly learned skills by putting on performances throughout the year. Although students complain about Shakespeare and essays, they know that what they learn is very necessary, valuable and well taught.

MATH for some is easy. For others, it can be as bad as your worst nightmares. Sometimes MATH is your worst nightmare. Here are some of the classes that the students who actually ENJOY parabolas, hypotenuses and cotangents take:

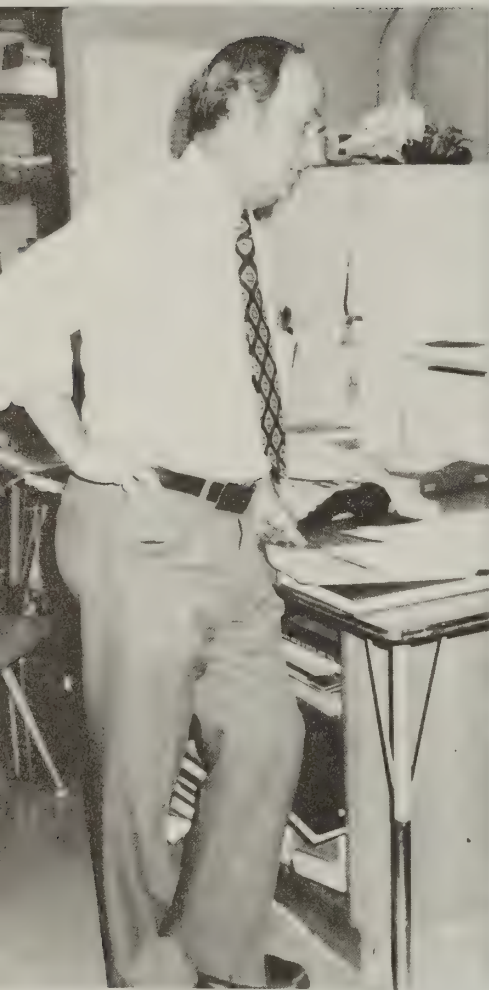

- Geometry (GTP)
- Algebra II-Trig (GTP)
- Calculus AB
- Calculus BC
- Functions (GTP)
- Analytical Geo. (GTP)

Sound like fun? Then you're the one who needs to see Mr. Ogle about the math team! GOOD LUCK!

One of the great techniques of Mr. Sirk's teaching, is his ability to jump right in there with his students and help them all the way through.

SCIENCE

The increased interest in science and math nationwide is being reflected in the new graduation requirements and the new academic diploma. We have become part of this trend. This year we welcome two new chemistry teachers, Mrs. Palmer and Dr. Kosek as well as a new Earth Science teacher, Mrs. Butz. Along with the new teachers we have two new rooms to accommodate the increased number of students in the science program.

This song and numerous others are heard throughout the Foreign Language halls. The songs originate in Senora Farfaglia's classroom. Spanish students are brainwashed with these songs and are often heard singing them in their sleep, in the halls and on the bus rides to and from school. If you happen to hear these songs, don't think they're strange, just join in because everyone wants to VAMOS A LA PLAYA!!!

LIBRARY

Sally Rohlfing
Robert Buchanan

How much studying is REALLY done in the library?

The Library has always been thought of as a place to study. H.H.S. is the exception to this cliché. We often find students in the library doing everything but studying. The most common antics tend to be:

1. Reading magazines.
2. Ripping pictures out of magazines (for locker decoration).
3. Reading "dirty books" (**Gray's Anatomy, V.D., Fact or Myth?!, The Healthy Homo** and other classics).

4. Reading "illegal" books **Huck Finn** etc.

5. Sleeping

6. Talking

7. Devising ways to steal books (ripping out the metal strips and cutting your finger).

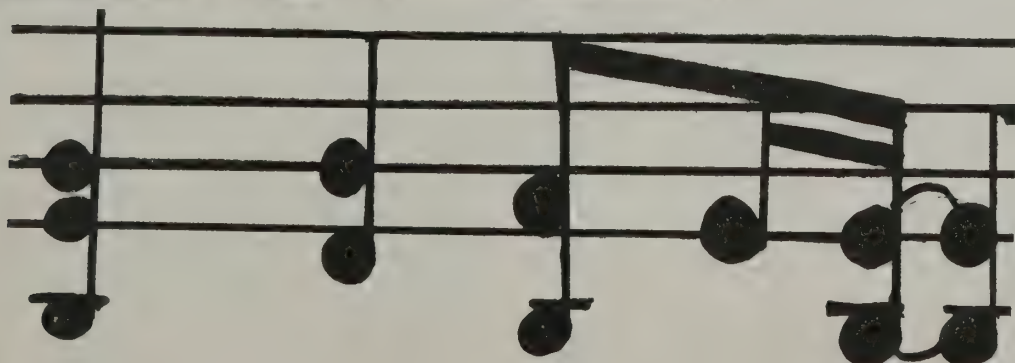

8. Smuggling food in for lunch.

There are many more, but too many to list. If you see anyone ACTUALLY studying, please grab the nearest 35mm Canon and take their picture, because such students are an endangered species!

VOCATION

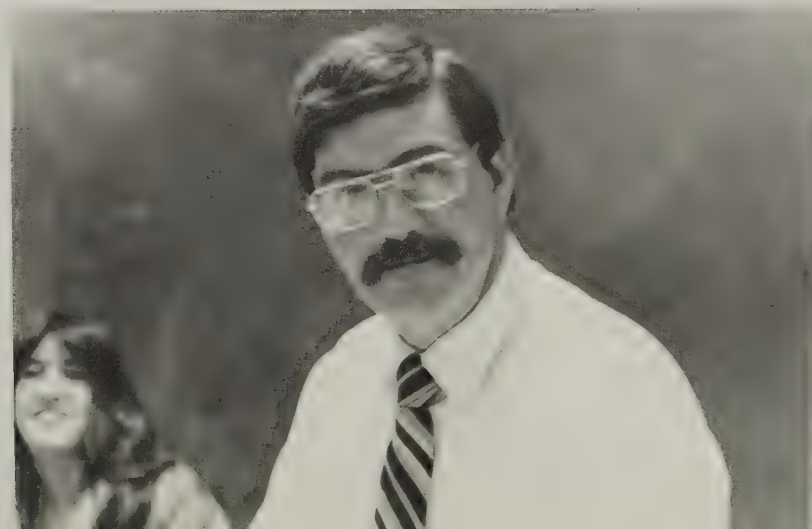

B. Hutton

Vocational Education gives the student pretraining in a career field, also it provides basic information needed in the work world. The main purpose of the course is to give the student the opportunity to be successful in any career he or she may enter. Most students continue their education while they are working, they may either attend college or a vocational school. Vocational education provides the student with a broad education and helps to develop skills needed. Yet, the program does not lock the person into one career.

HOME EC.

Within the Life Studies Department they teach skills helpful to students in general life and household experiences. The classes actively demonstrate their skills acquired in class through school activities. The Contemporary Living and Gourmet Foods classes made and served refreshments at a number of events, such as Back-to-school night and the P.T.A. meetings. The relationship class has been busy with Inter Quest and working with Project Link, and helping our E.S.L. (English as a Second language) students. The Child Care class runs a nursery/day care center during the school hours. The department overall has been found to be helpful in training our students for real life situations.

Redskin

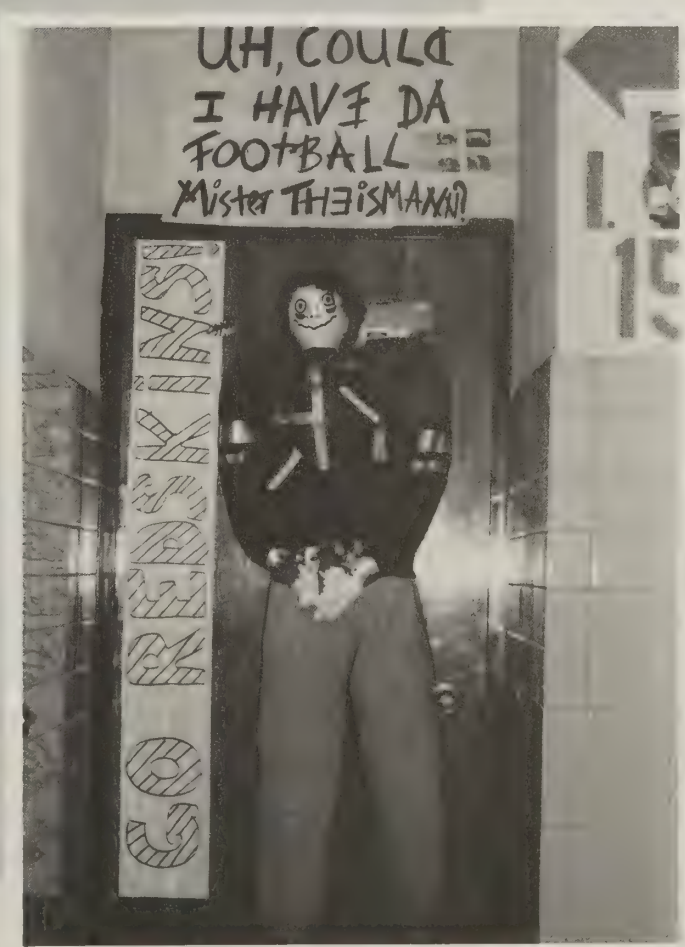

The Redskins had a great season this year. EVEN THOUGH they lost the Superbowl, don't forget they won the NFC Championship title. It was fun rooting for the 'Skins, Hogs and Smurfs. Our school got so into Redskin Fever we had a door decorating contest. Channel 5 News came by to show D.C. how we had the spirit. Mr. D. headed the festivities and was proud to say he was a Redskin fan through thick and thin. Thanks guys for a great year. Here's to many more.

Reggie Walker

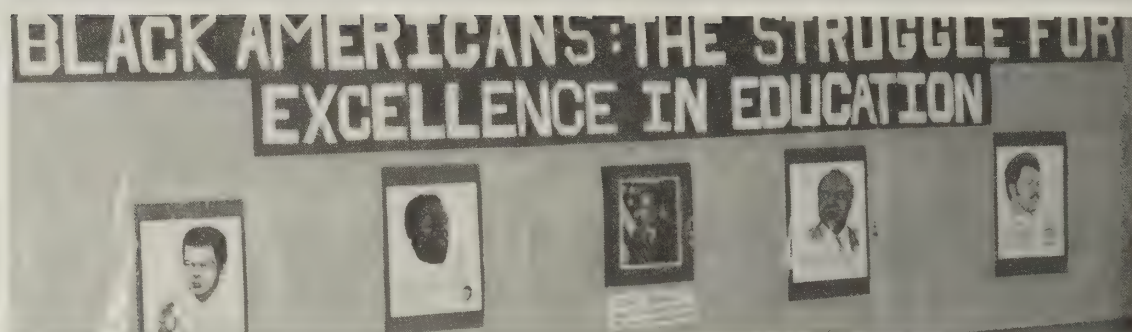

Mr. D. explains how Redskin Fever spread through Herndon High.

Black History

February is Black History Month, we had many activities recognizing the achievements and contributions of Black Americans.

We had many guest speakers who told us about their lives and accomplishments, they were truly an inspiration.

Displays in the Main Lobby recognized famous blacks' accomplishments.

At the Black History Assembly many blacks performed.

Mr. Alexander, former Secretary of the Army spoke at our Black History Assembly.

N.J.R.O.T.C.

The Naval Junior Reserve Officers Training Corps (NJROTC) at Herndon High School is the first such program in Fairfax County. As of January first, more than 90 people were enrolled in this elective course. The NJROTC program was established by public law 88-647 on October 13, 1964. It is a jointly sponsored Navy and Secondary school program and is conducted at 233 accredited high schools throughout the United States. The curriculum emphasizes citizenship, leadership and Naval Sciences supplemented by other activities such as visits to Naval ships and installations. The Navy provides all books, drill equipment, and uniforms, however, students are under no obligation to join the armed forces. For those students who are competing for either a ROTC scholarship or an appointment to a service academy, NJROTC provides an introduction to the basic military subjects.

NJROTC instructors are retired Navy/Marine Corps personnel screened by the Navy and hired as regular teachers in the Fairfax County School System. At Herndon there are two instructors, Captain Blakeman USNR (ret.) and Chief Warrent Officer Spriggs, USN (ret.). Together they have over 48 years of military experience which they bring to this interesting new program.

The Big Yellow

You mean you expect me to ride with someone who drives like that???

Many students buy candy before catching their bus. The profits from the candy sales benefit the Athletic Department.

Now what was that saying about "when hell freezes over"?

The Day the Lockers Would Die

Setting: Typical morning, Herndon High School

Student: Ho-hum, another boring Monday . . . Let's see I don't think I remember my combination, wow, long weekend . . . 1-36-24 (click) Stupid locker jammed again 1-39-24 (click, click, yank, YANK!) I swear no one's going to get into this locker, not even **me**.

P.A. (Mr. Trussell): Uh . . . All the locker combinations had to be changed this weekend. Someone stole the master key to all the lockers. Your homeroom teacher has your new combinations.

Half way through the period.

P.A. (Mr. Trussell): Well, it seems there are problems with the combinations. Will students with locker number 200 through 500 please report to the Career Center . . .

Everyone was caught off guard when the locker combinations were changed over the weekend.

Complications with the new combinations threw the entire school off and we spent half the day trying to get the problem cleared up.

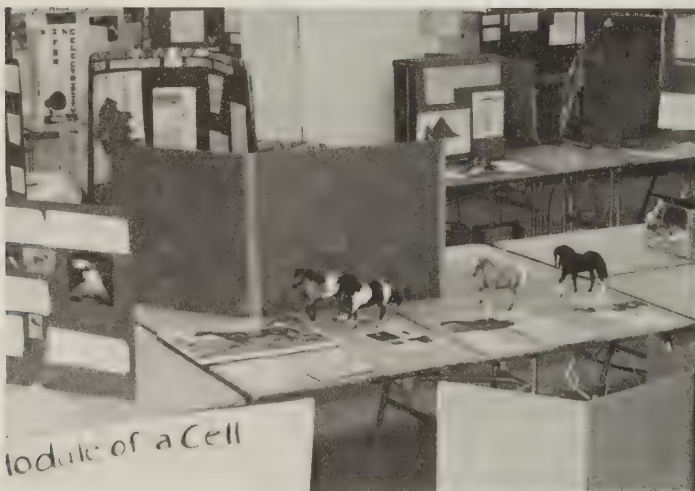

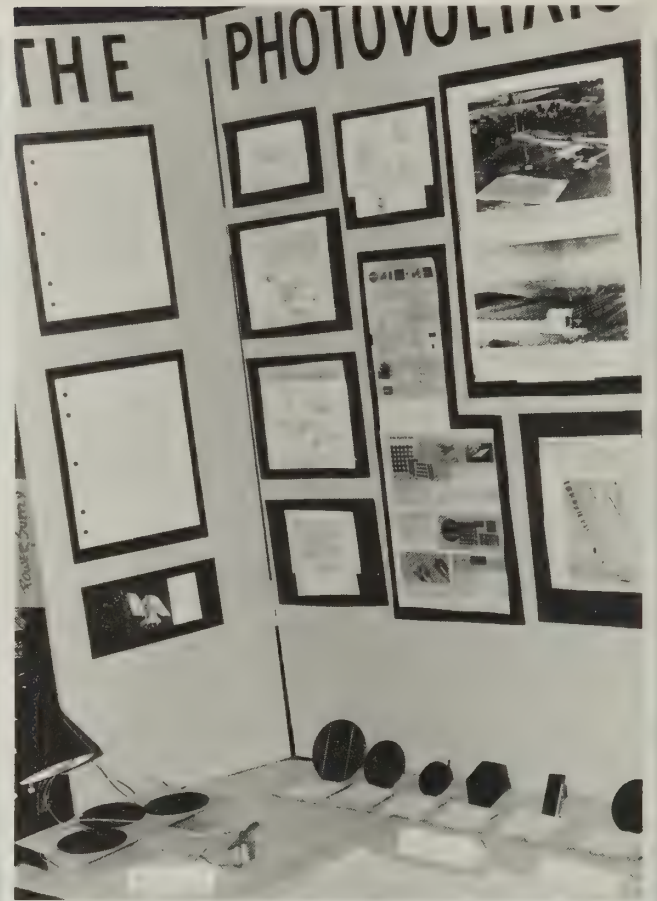

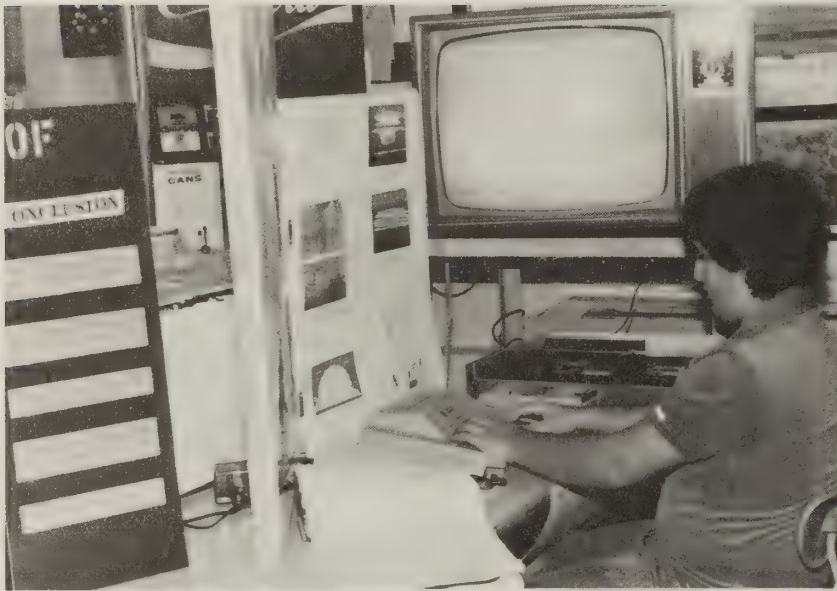

A change of pace is nice once in a while. Long lines for hours were outside the main office and Career Center.

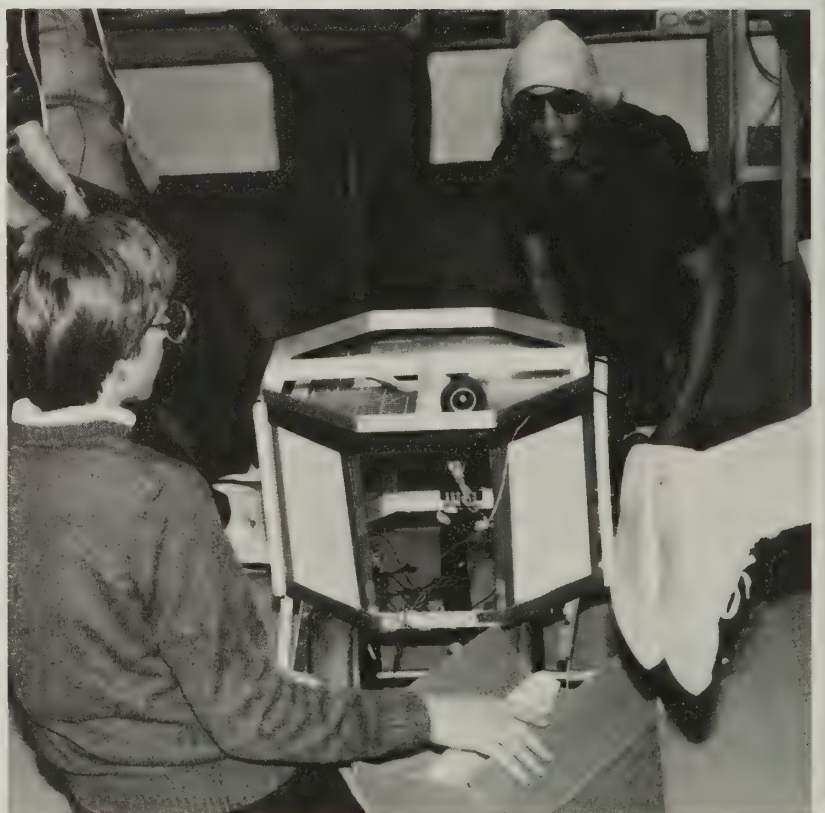

Science Fair

Many students participated in the Science Fair.

There were several categories in which to enter, like Chemistry, Physics, Biology, Earth Science and Computer Science.

First Prize went to genetically breeding the world's smallest horse.

Breakin' for it!

Break dancing is the newest craze!

Herndon even has its own BREAK DANCERS.

It requires a lot of skill and coordination.

SLUMP

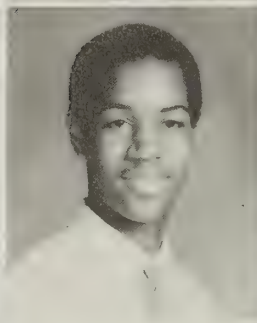

Notice how Senior Slump has set in on Herndon students. Oh sure you've seen students sleeping in class before but this is different. Karen Sadd, Herndon's prime victim is modeling the latest disease. Notice the Sony Walkman is properly in place. The classic "magazine in the book" trick is in action. The McDonald's cup shows where our classic senior went to lunch. The 7 bottles of caffeine show that Karen is truly in Senior Slump because with all that caffeine she SHOULD be awake, BUT she persists to sleep contentedly. Remember: Real Seniors go through Senior Slump.

Two years ago it was hilarious. Last year it was cute just to see how many funny fake names you could think up. This year, hey, it's monotonous. So why do it? You see the game goes like this: If you're in 10th, 11th, or 12th grade (especially 12th grade) you can play. Freshmen don't play (usually) because they're the victims of this game. When the big day of school pictures arrives, every English class (except 12th grade) assembles in the auditorium . . . The place is a scattered mass of people and dudes. That's the best time to do it, because it's easy to foot the photographers and people from the photography company. They don't know who is who and with so many people who really, legally and legitimately have funny names, it's hard to doubt someone when they say their name is Ozgood Zebeard. Actually that's one of the more mild names.

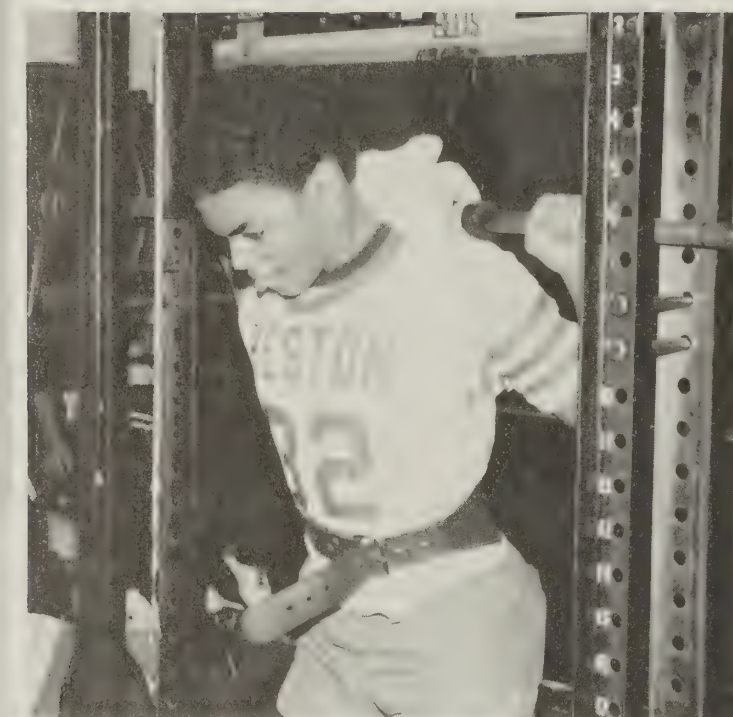

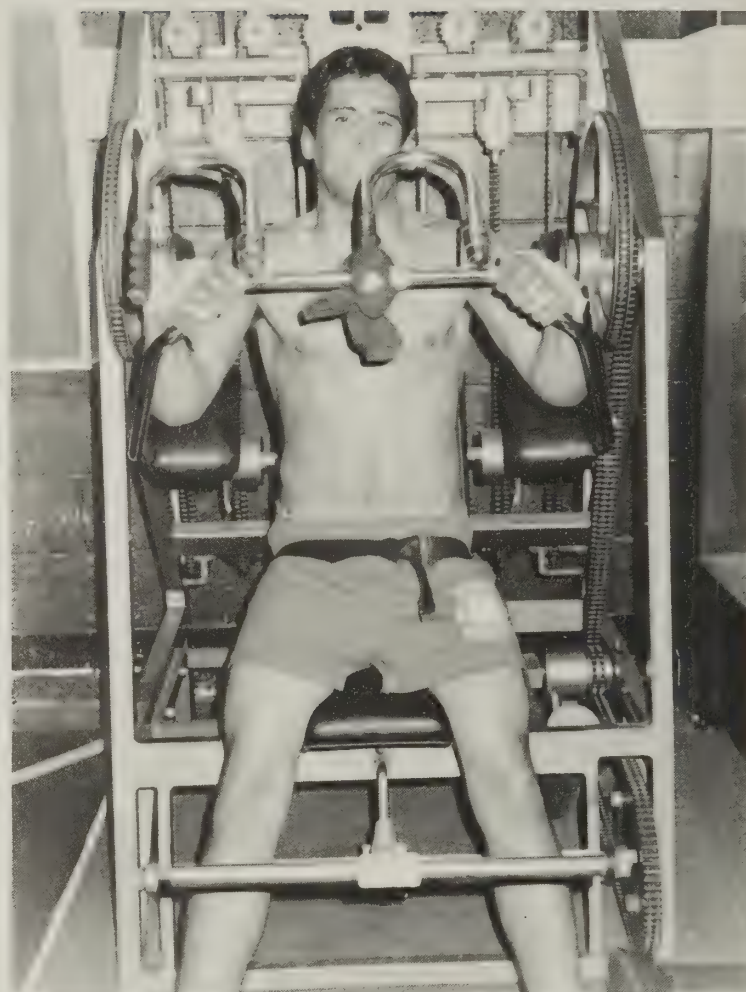

Ozgood came to our school two years ago, well actually he's been around for years. He has a sister or two and they always seem to stay freshmen, EVERY year. Hmm . . . strange. Ozgood also drastically changes physical form and appearance each year. Hmm . . . interesting. See? Two years ago it was funny, 1 or 2 people play the game and it's great. But when 36 people do it, that's a little overboard. Ha! All in good fun though. It's nice to know that there are that many people around who are potential "Class Clowns"!!

The Studs

Tod Heil

HOMEWORK IS . . .

The fundamental basis for a sadistic teacher.

A teacher's revenge for spit-balls and paper airplanes.

Boring, hard, and totally unnecessary.

Something you do as an excuse not to clean your room.

Something you do at the last possible minute if you bother to do it at all.

Something you go to any extreme to avoid doing.

An excellent way to try your new excuses, phoney answers, and story-telling skills.

A great way to get to sleep.

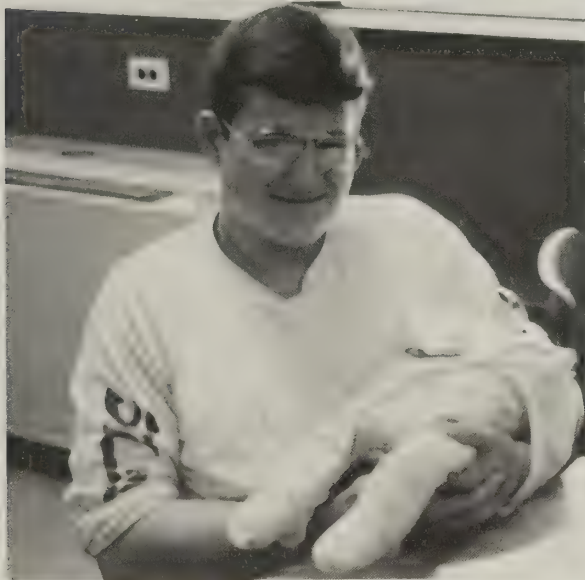

A teacher's favorite next to exams and pop-quizzes.

The leading cause of brain cancer and mental illness.

Sugar Babies

Each year Mr. Stallings' Biology classes experience what it's like to be a parent. Each year they have a different "baby" to take care of; this year it was a 5 lb. bag of sugar. Students have to carry around their "baby" for a week and treat as if it were their own baby. They learn the responsibilities of being a parent and what it's like to have to take care of someone else full-time.

Typical Freshman Day

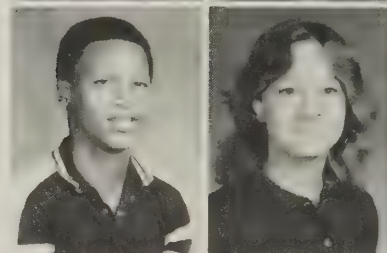

At 6:00 a.m. the alarm clock blasts loudly into his ear. He jumps out of bed and rushes to the shower in hope of waking up. When he begins to dress he ponders whether he should dress like an upper-classmen or wear what his mother has laid out for him. To avoid a morning argument with his mother he decides to wear what she wants. He arrives at the bus stop fifteen minutes early where he stands with his flashlight and watches the sun rise. When the bus comes he eagerly hops into the front seat. When he gets to school he wanders aimlessly looking for a familiar face and dodges the freshmen killers. (Seniors!) As each of the late bells ring we find our freshmen in his seat already prepared with his two # 2 pencils.

During lunch he sits with his buddies and eats from his personalized brown bag, packed by mom. At the end of the day he runs to his locker and before he sets out on his quest to find his bus he stops to buy a pack of gum (bubble yum) from Mr. McCulloch & Co. After his long bus ride home, he hurries toward his house and grabs the mail as he passes the box. He runs into the house and grabs a snack and begins to do his homework, he knows if his work is completed he will be able to watch his favorite T.V. shows that evening. This Freshman has spent an average day at school and will repeat the process for the remainder of the year ...

Varsity Football

"... and now I'd like to do a song from my debut album ..."

Warming up for another victorious game.

"Here are their plays coach, see what you can do with them."

"Wow, I didn't think they were **that** big!"

"What is the score?"

"And then I throw the ball to Tony and he makes a touchdown ... See? That's how it goes."

Jeff Roberts led the Hornets this season with great accuracy.

The J.V. Hornets show their potential.

We always hear about the different sports activities offered at Hernon, and we all know the names of the athletes, and the MVP's. But what about those dedicated persons who lead practices and push each athlete to his or her limits? What about those guys (and Gals!) who help each athlete develop and instill in them a sense of pride and accomplishment? Let's take a few minutes to look at some of any teams most valuable players — here's to the coaches!

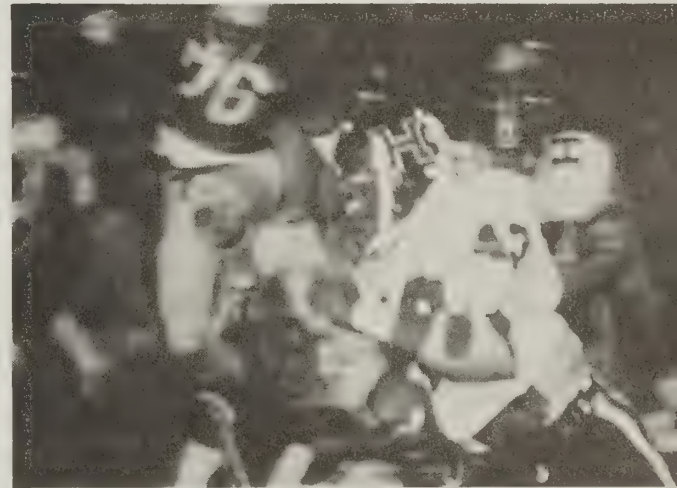

Reggie Walker #26 Redskin came by to judge the Redskin door decorating contest and signed autographs.

Another great tip-off by our powerful J.V. team.

Hmm . . . One of them ought to make it in.

Girls Varsity Basketball

Carla Green's skill and great ability helped her team have a great season.

Teri Caraway shows her style.

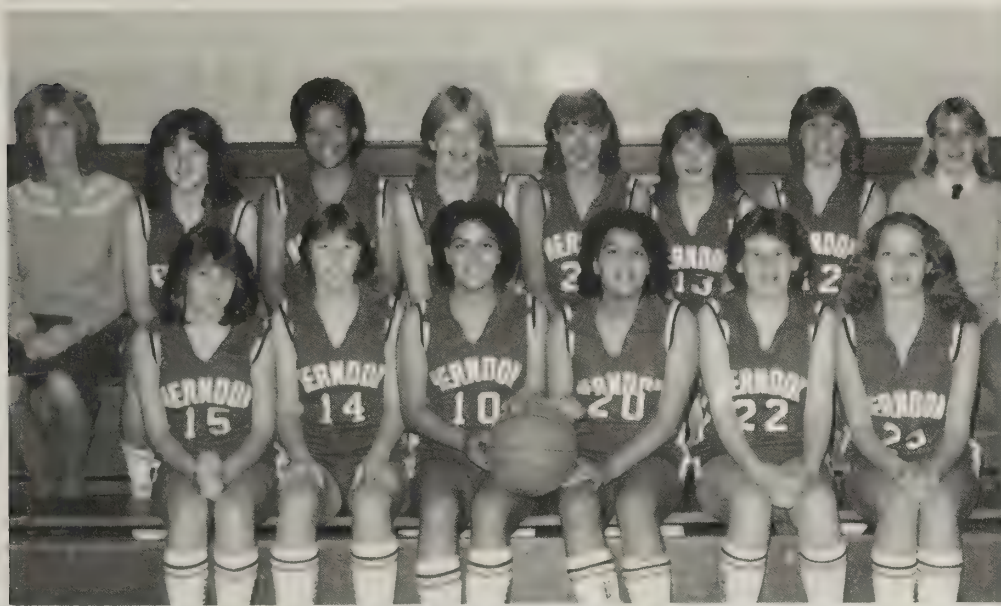

Girls Varsity basketball had a great season this year! Under the fun coaching of Laura Beaver, the Herndon girls varsity basketball team ended their year as one of the top ranked teams in our district! They had a style and ease which made a basketball look like kids stuff (although it isn't). Herndon is really proud of the girls on the 1983-84 varsity basketball team. Their hard work and dedication made Herndon look and feel like #1.

BASEBALL

Varsity Baseball: Front Row — Scott Farmery, George Trail, Jeff Snellbaker, Mike Bowler, Rob Larrick, Steve Bowman, Anthony Pearson Second Row — Coach Craig, Ricky Rigual, Jeff Roberts, Mark Gabriel, Mike Laskowsky, Scott Crosby, Frank Haire, Jason Adams, Tod Heil, Coach Lee.

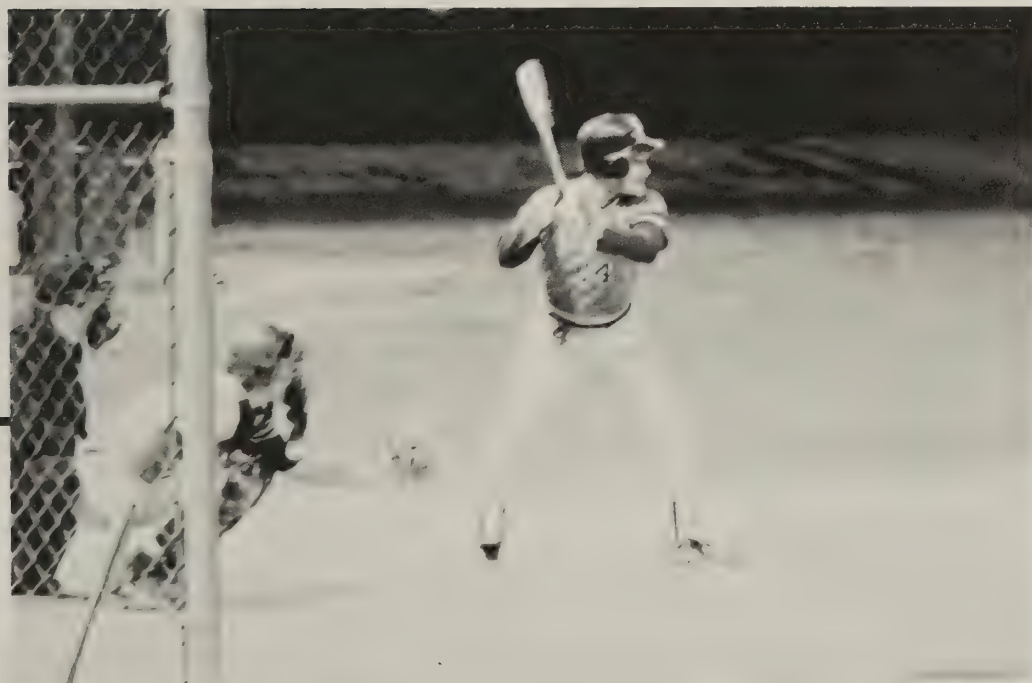

The Herndon Hornets Varsity Baseball Team, coming off a 12-7 season a year ago, dropped their first two games of the 1984 campaign to Parkview High School.

On Tuesday the 27th of March, the Hornets hosted neighboring Parkview in their first game of the new season, losing 6-3. Scott Crosby led Herndon with a strong pitching performance. He also drove in two runs with a homerun in the first inning and a double in the fifth. Steve Bowman, George Trail and Mark Gabriel all added hits in the losing effort.

The following Monday, in a game that was originally postponed

because of bad field conditions, Herndon traveled to Parkview where they were defeated 5-3. Frank Haire began on the mound for Herndon. He held the Patriots scoreless through four innings. Parkview got two in the fifth and Mark Gabriel came in to relieve Haire. Parkview got three more runs in the sixth as they went on to win. Although Herndon got runs in each of the first, third and seventh innings, they weren't enough.

Most of the players are optimistic about this year's season. Despite two out of district losses, Herndon still is very much in contention for the district title.

Spring Track and Field

This week the 1984 Herndon track team started its 84 campaign at the Haringer Relays.

Darrell Parks, David Cockerill, and Ian Smith took second in the long jump at the relays. Michael Neason and Shane Masters displayed lots of talent in the district medley as well as the sprint medley.

This year's team consists of many talented underclassmen. The use of underclassmen has helped to add depth to this year's team and will insure that future teams for the next couple of years will be strong.

If the team remains healthy, it has more than just a chance to win the district title. Coach Oliver stated that the main problem facing the team is lack of devotion and commitment. He strongly feels that our team has more than a chance to win if everyone is dedicated and participates.

This year's district season begins with a dual meet against Marshall. The next meet will be against Madison. Michael Neason says these two meets should be two victories to start us off right.

Indoor Track

Despite a strong season, the Boys' Indoor Track Team took second place in the District Track Meet, losing to South Lakes. Highlighted performances were put out by Tom Huminik, who placed first in the Shotput in Districts and took second in Regional and States; and Brett Hankins, who won the High Jump in the Districts, and took Fourth in the Regionals and States. Other fine performances were, from Mike Neason, 1st in the 500m; Shane Masters, 1st in 2 mile, 3rd in 1600m; Kevin Newman, 2nd in Shotput; Keith Hoffmann, 2nd in 55m hurdles; Andy Sangbousy, 3rd in Triple Jump; and Pat Moriarty, 3rd in 500m.

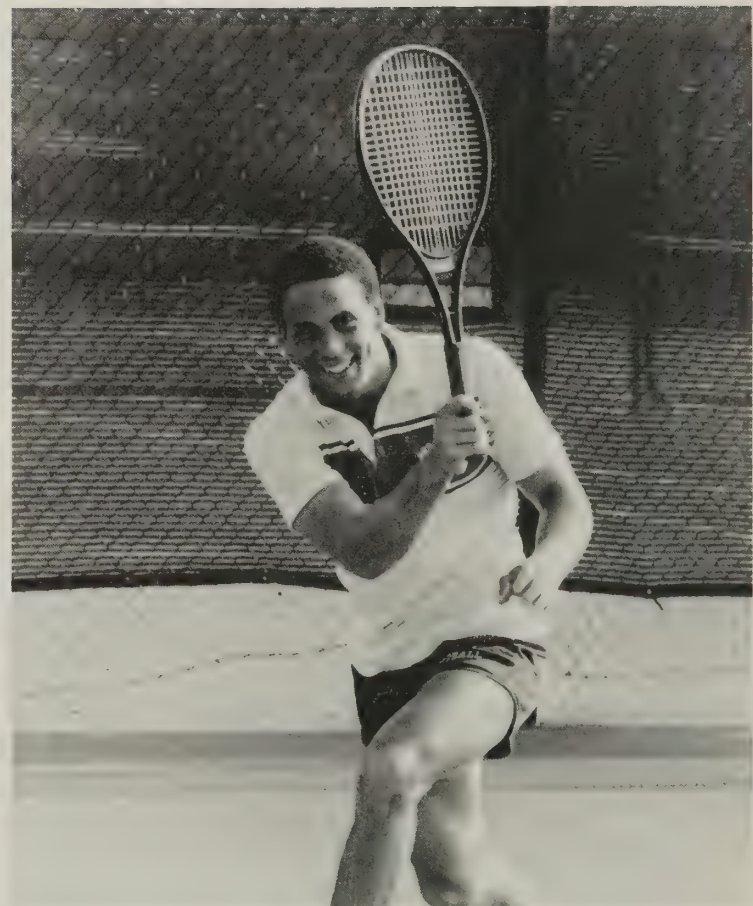

The Girls' Team had one of the best seasons in recent years, however, due to lack of depth, they didn't fare as well in Districts as hoped. Although they placed Fifth in Districts, several fine performances were put out by the team, with Darlene Payne, leading the performances with a Second place finish in the 300 Meter Dash.

The entire team would like to thank the Coaches, Mike Mahoney and Jim Oliver, for all of their time and effort spent with the team.

The Ball!!!!!!

He just fell off the washer!!

Golf — (golf, golf) n. An outdoor game played on a large course with a small resilient ball and a set of clubs. The object being to direct the ball into a series of variously distributed holes (usually nine or eighteen) in as few holes as possible.

We found that printing this definition may help others to understand what the Herndon High Golf Team was attempting to do out on the course during their 1983-84 season.

Coach LeDane our girl's field hockey coach has been with us quite some time. She has been devoting her valuable time, energy and knowledge as a coach for 18 years. She said she coaches because she love the individual skills which combine into teamwork and she wants others to experience sports as she does. About her team — she said they are the best ever with great potential with the seniors providing extra insight and experience for the others. One often tends to believe that sports may take away from the academics. Coach LeDane responded, "We make sure the girls attend to their classwork first, but sports provided that balance which allows the student to develop more fully." We thank Coach LeDane for her dedication and look forward to many more successful seasons with her.

"Hey, Where's the water?!!!"

Mary Ann Gibson, Kristen Flint, John Hurley, Stephanie Smarup, Lara Lucas, Karin Kolstrom, Maggie Donahue, Lewis Walker.

The Swimming and Diving Team did pretty much of a float this year, even though the boys had a 5-3 season. The girls finished out with a 3-5 mark. (not bad) Seniors on the team this year included Lewis Walker, John Finnerty, Ted Jadlos, Paige Smith, Vanessa Kerakos, Virginia Wolfe, Karin Kolstrom, and Jeannette Webley. Co-Captains for the guys were Lewis Walker and Ted Jadlos. With John Finnerty serving as spirit leader. Lara Lucas and Paige Smith were Co-Captains for the gals.

The team practiced every Tuesday through Friday at the Reston Community Center from 3:30 to 4:30 p.m. Even though it was an average season, several records were broken.

Myles Flint — 100 yds. breaststroke

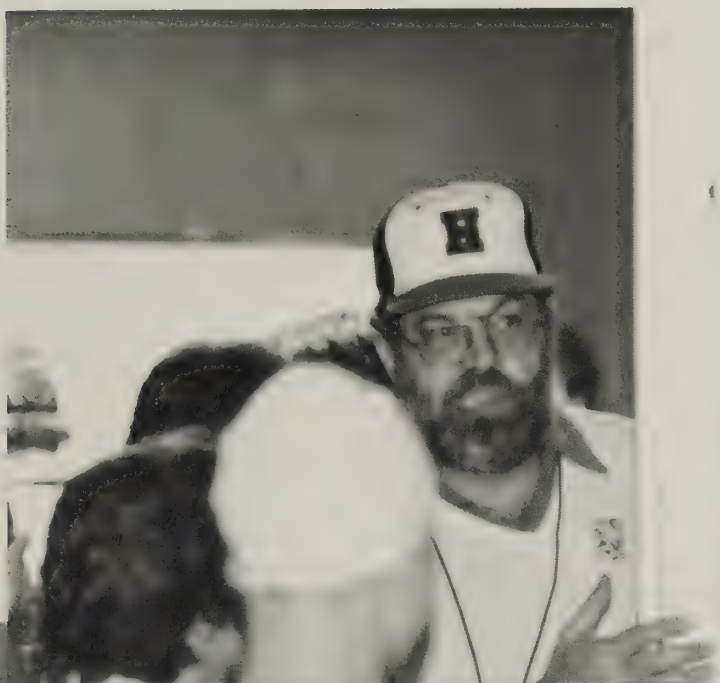

Maggie Donahue — 50 + 100 meter backstroke

Maggie Donahue, Lara Lucas, Stephanie Smanup,

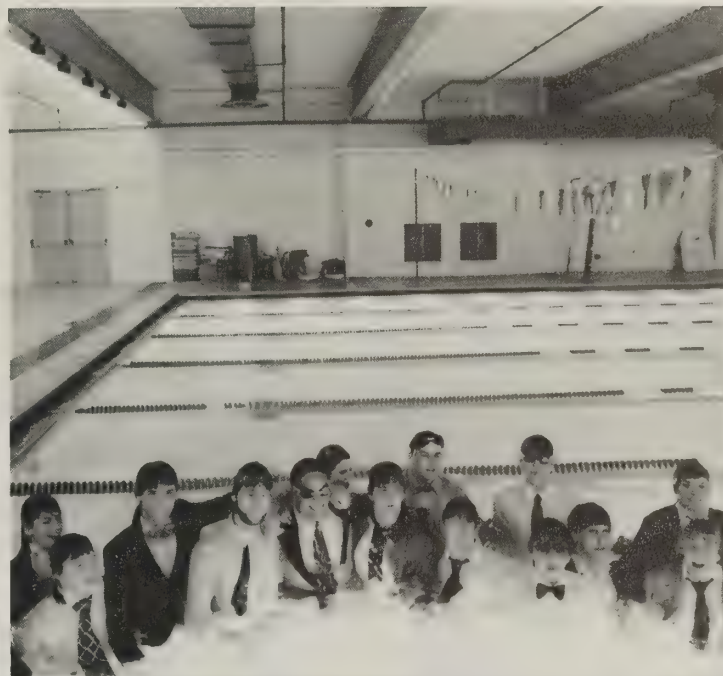

Karen Batten — Girls 400 meter freestyle relay

Ted Jadlos — 100 meter breaststroke

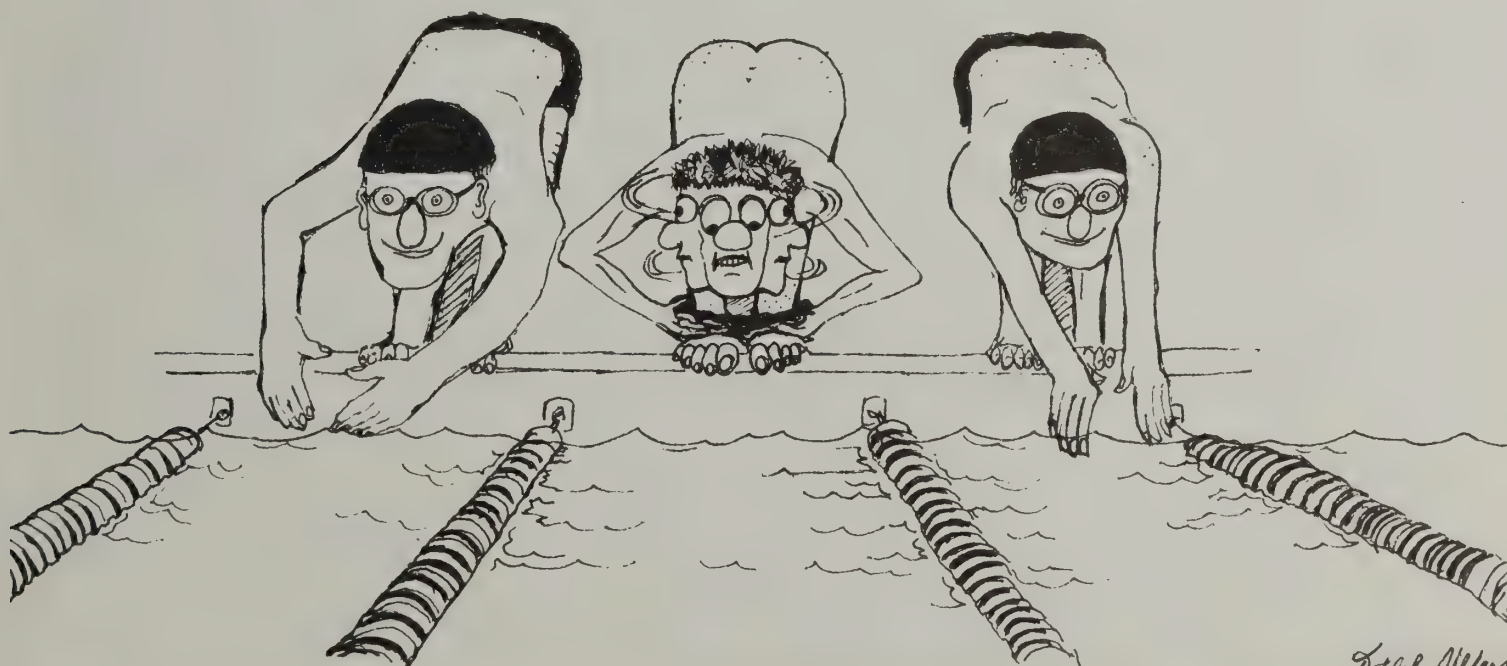

Chris Ackerman — 200 meter freestyle

"All right, you guys I thought I said **no** skinny dipping!", exclaims the greatest, best looking, most magnificent, best qualified swimming coach in the entire known universe, Mr. Joe Smith.

The Swim Team seems to be all TIED up. (!!!!)

Boys Gymnastics

The Boys Gymnastics team began its season, March 16th with a tri-meet against Chantilly and Hayfield. Herndon scored 104-36 points, easily outdistancing second place Hayfield and third place Chantilly.

The Hornets then took on Washington-Lee, March 23rd. The Hornets remained undefeated by beating the Generals 114.65-62.57. Leading the Hornets were the all-around trio of Eric Haney, James Flannagan and Shane Eddy. Haney, who was the top all-around performer in the first meet, took the same honor against the Generals with 36.95 points. Flannagan took a close second with 36.35 points and Eddy completed the sweep by taking third with 34.90 points.

The Hornets good fortune came to an end against South Lakes, March 30th. The defending state champion Seahawks were just too deep for the Hornets, winning 131.63-122.63. Eric Haney took third for Herndon in the all-around competition with a total of 40-35 points. Other members participating for the team were Ted Craig, Mike Waddell, Mike Gonzalez and Todd Killgore.

Having lost only one meet, the season still promises to be one of the best ever for the Hornets.

Boys Soccer

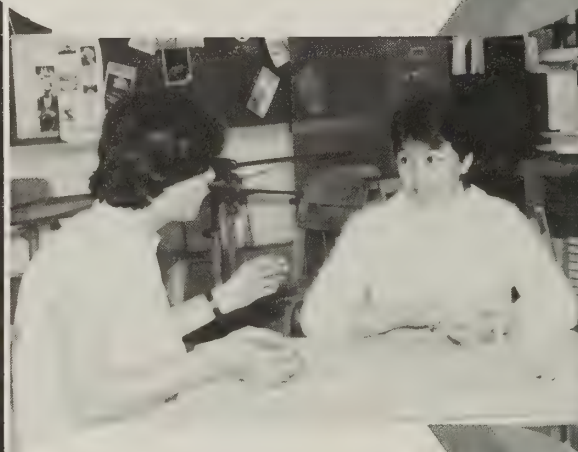

Coach Mack is Herndon's soccer coach and has been coaching soccer for 8 years. In high school he played football and has coached football for ten years. Coach Mack had very interesting things to say the least about his team. We asked him how he compares this years team to last year's. He said, "I don't compare when I coach. I take the players I have and work with them. I don't look back. This is a new year with it's own problems and possibilities." It is obvious, also, that Coach Mack is very dedicated to the students (he has to be considering the kids HERE) and feels soccer is what the team makes it. "Each victory is different. Sometimes I feel we have survived, sometimes been victorious, sometimes triumphant. Soccer is a player's game, not a coach's. . . all my players are, in some way, exceptional." Finally, let us add that Coach Mack is one of our most patriotic coaches. One of his reasons for coaching was he missed the chill he got during the National Anthem. Here's to you Coach Mack — "oh, say can you see, by the dawn's early light. . ."

As usual a most serious SGA meeting!

S.G.A.

The purpose of the SGA this year was to improve school spirit and to try to foster a sense of unity among both faculty and students. To accomplish this goal, the S.G.A., it's Officers, (Lewis, David, Karen, and Suzanne), along with Mrs. Rohlfing sponsored Homecoming activities, a canned food drive in conjunction with the Key Club, a door decorating contest in honor of the Redskins, The Faculty Follies, and a Battle of the Bands.

Other fund raising activities included sale of Hornet t-shirts, hats, and pennants.

The officers did a great job getting more students involved with the S.G.A., since every student is a member of the Student Government.

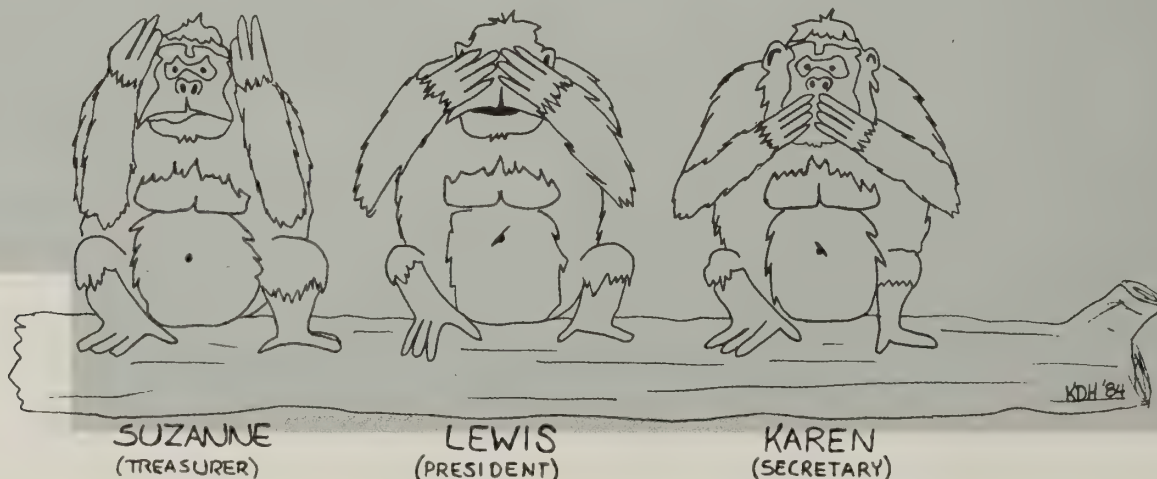

The S.G.A. also works with the I.C.C., which is in charge of any relations between, or with clubs, and regulates fund raising projects.

A sly SGA President, Lewis Walker makes his move ...

"Oh Rodger STOP!!!", says SGA Secretary Karen Sadd.

S.G.A. EXECUTIVE BOARD

STUDENT ADVISORY COUNCIL

S.A.C.

The Student Advisory Council, sponsored by Mrs. Swicord is the only link between the school board and the students. Because the school board involves the people which make decisions concerning the student body, the S.A.C. is a very important group.

The information that the S.A.C. gathers at both the area and county levels has a great effect on the decisions made by the school board.

The students that worked to keep us in touch with decisions in the county, and who voiced opinions of students at Herndon to the school board officials were: James Summerford — chairman; Susan Rose — co-chairman; Nikky Levy, Darah New, Francesca Wst, Melanie Alvord — alternate, and Molly Curtain — alternate.

KEYS and

The Key and Keyette clubs are service organizations dedicated to serving and helping the school and community.

Their main sources of money arrive from fund-raisers, such as the Keyettes sale of flowers for occasions such as Homecoming, Christmas, and Valentine's Day.

The two clubs worked together at Christmas to provide a day of fun for the children in the Headstart programs in Herndon and Reston. The day proved to be enjoyable to all, even Lewis Walker, Lydia Bayfield, and Julie DeBenedittis, who were Santa and Santa's elves. For most students involved in the organizations a sense of good-will and worth is gained through working and participating with needy organizations in the community.

This year, the Keys were sponsored by Mr. Butler, and The Keyettes by Mrs. Porterfield.

The Keyettes are a group of girls who work together on community projects. The Keyettes participated in many community projects this year including: Headstart, a program for under-privileged pre-schoolers, the Special Olympics, and supported the Red Cross with an in-school Blood Drive. The clubs annual fund raisers included trash cleanups after home Football games, Carnation sales, bake and a balloon sale. The Keyettes hard working sponsor was Kathryn Porterfield.

"No, Sean," explains Keyette president Paige Smith, "That won't get you into the Keyettes!!!!"

The Senior Honor Society, led by their fearless leader, Michell Balut, continued its useless and soporific activities and upheld a tradition of breathtaking mediocrity at Herndon. Apathy is rampant as the membership, which consists of anyone dedicated enough to apply, involves itself in such exhilarating projects as selling refrozen pretzels, attending lengthly meetings, and inducting gullible juniors and seniors to share in the joys of leadership, scholarship, character, and service to Herndon High School.

National Junior Honor Society

National Junior Honor Society members: (not in order) Kelly Kursteiner, Lisa Stewart (tres) Abigail Stein (sec) Melinda Hart (Pres.), David Hilty, Kristina Youso, Cynthi Brady, Patti Gulbis, Tammy Gibson, Shari Herkert, Yasmin Ahmed, Nancy Spector, Jay Handfield, Robin LeGallo, Kelly Swanson, Laura Freid, Peggy Cabell, Meredith Sims, Anne Harrington, Beth Kenney, Richell Slepetz, Holly Tennant (vp), Carolyn Wilson, Nicolle DeFazio, Kim Schumacher.

This typically chaotic meeting perfectly demonstrates Michelle Balut's fine leadership abilities.

Senior & Junior Class Council

SENIOR CLASS

The Senior Class Officers and Council members led the CLASS OF '84 in activities to raise money for the distinguished gift to the school that they will leave behind in appreciation for the hard work and dedication that the school and faculty gave to them. It will be presented at the graduation ceremonies.

Other events the Senior Class worked hard to present were the Senior Talent Show, Baccalaureate and Commencement, and the installment of Senior Privileges.

The Senior Class Council have come to the conclusion that the floor is in the direction of down.

Freshman Class

The Freshman Class focused most of it's energies on the cognization of it's members to Herndon High. Their efforts proved to be successful, for they were able to pull themselves together in time to construct an acceptable float for Homecoming. (Which is unusual for a Freshman Class). Herndon is anxiously awaiting the future success of this young aspiring Class of '87. (????)

Sophomore Class

The Sophomore Class Council started out the year by participating in the Homecoming parade. The float made by the sophomores was uh . . . interesting. In case you didn't recognize what it was, it was supposed to be a globe!! (Isn't paper mache' a pain?) But, they did have Spirit! The Sophomores were in debt at the beginning of the year, but soon started making money through candy sales and dances. The whole sophomore class always showed their spirit at pep rallies, games, and everywhere there was need for it.

The French Club and Honor Society had a very exciting and wonderful year, filled with many exciting events. They gained new insight on the ways and culture of the French. They did this through many meaningful activities. These two clubs have had baking contests, candy sales and they even entered the National French Contest!!! Pretty active group ... eh????

French Honor Society: (row 1): Bobbie Bernstein, Suzie Rubin, Mike Dumais, Ms. Hueston (sponsor). (row 2): Gretchen Pierce.

German Club

The German Club, like most other foreign language clubs concentrated on the understanding of a country and its culture, in this case Germany. During the course of the year, the German Club makes German dinners, watches German movies and sells the ever-popular Gummi Bears. Not only did we learn a great deal about Germany, but we had fun doing it (and that's what counts!!!!)

German Club members: (row 1): Lewis Walker, Amy Palmer (row 2): Corina Ruhrke, Melanie Alvord, Amy Bertsch, Kurt Reighly, (row 3) Karin Kolstrom, Kelly Kursteiner, Anne Harrington, LeighAnn Weatherholz. (row 4): Katy Hopper, Jonas Norling, Kevin Kesters, Kelly Warden, Olga S.

This year the Latin Club has had many activities. This summer they will take a trip to the National JCL Convention held at the University of Richmond. They went to the Olympics at Robinson H.S. and had many Latin Bowles.

AFS

A.F.S., American Field service, is the most active student exchange organization in the world. It's major purpose is to maintain peace on earth by developing an understanding between different races and their cultures. This year 3000 students from all over the world are living with a host family and attending a high school in the U.S.A. The A.F.S. club in every American high school supports the students economically and organizes social activities. The club also offers short exchanges for other members.

FORENSICS

The Forensics team members are: Naina Ayya, Curtis Jacobsen, Adam Guberman, MR. D, Susie McMullen, Marc Kase, Karen Coshland, Christina Roth, Janice Shih, Doug Kornreich.

The Forensics team is a speaking team which is a part of the Northern Virginia Speech League. This group competes in many types of speech. Some of these are oral speeches, interpretive speaking events, prose, dramatic interpretations and duos plus the dreaded impromptu. In February, 4 students received recognition in the Great Falls District Forensics tournament. They are: Adam Gooberman, Mark Kase, Wendy Orzel, and Christine Roth. The purpose of the Forensics Club is to give the students, who are involved, an opportunity to develop their speaking skills, and enables them to be successful leaders and spokespersons in the future.

Distributive Education

V.I.C.A. is a club which participates in social, community and skill events. Members participated in District, State and National "Skill Olympic" contests which began in March. The club is sponsored by Mr. Rexroad.

DECA, the only student organization operating through the nation's schools to attract individuals to careers in marketing, distribution, merchandising and management, serves as an integral part of the classroom instructional program.

Among activities already conducted this year by the club were officers training at Springfield Mall, a canned food drive during the Thanksgiving season, and several luncheons including one at which the discussion centered on marketing and the Distributive Education image in the Herndon Community.

Officers for the year are **Tracy Nester**, president; Michele Wiley, vice president; Lisa Conway, fashion vice president; Paulu Cruz, secretary; Carla Blankenship, treasurer; Kentia Hidalgo, ICC presentative; and Wendie Wissman, social chair person. Assisting on the social committee are Julius Lynch, Kristy Ekle, Susan Rose, Claudia Costa, Samantha Brown, and Diane Spencer.

IT's Academic

The It's Academic team is: Rick Parsons, Steve Ritsinias, Heather Hadlock.

The "It's Academic" team competes every year against other schools in the metropolitan area. This year Herndon defeated Southfields H.S. but lost to Lenor Roosevelt H.S.

Members of the "It's ACADEMIC" team must have attained a knowledge in current and historical events mathematics, fine arts, geography, and the sciences as well as having a concentrated understanding of one of these fields of study, in order to compete successfully against other area high schools.

Scholarships are awarded to all schools that compete by the Giant Food Corporation which sponsors the program.

ORCHESTRA

"Excuse me Mr. Violinist, how do you put that on your shoulder?"

"Betsy Reynolds, future cellist."

The Orchestra, conducted by Ms. Loudenslager, in addition to its regularly scheduled winter and spring concerts, participates in the annual District Orchestra Festival, performs for various school and county sponsored activities as well as for those sponsored by the community.

The orchestra travels out of state every two years performing at selected high schools or musical festivals. Past trips have included New York City, and Endicott, N.Y. This year the orchestra participated in the High School Orchestra Festival in Boston, Mass.

It's not hard to see that the members work very hard, and their performances show the work and dedication given by it's members.

Partial Cast of **The Fantastics** Spring Musical April 5, 6, 7, 1984.

The Drama Club consists of any student who is active in any portion of the work of a stage production. By being an active member, they are able to earn points toward entrance into The International Thespian Society, which is the Drama Honor Society. This is approximately 100 hours of theatre work.

Drama members are known for their parties and wild rehearsals, which accompany their productions.

This fall, the Department presented the play **THE EFFECTS OF GAMMA RAYS ON MARI-GOLDS**.

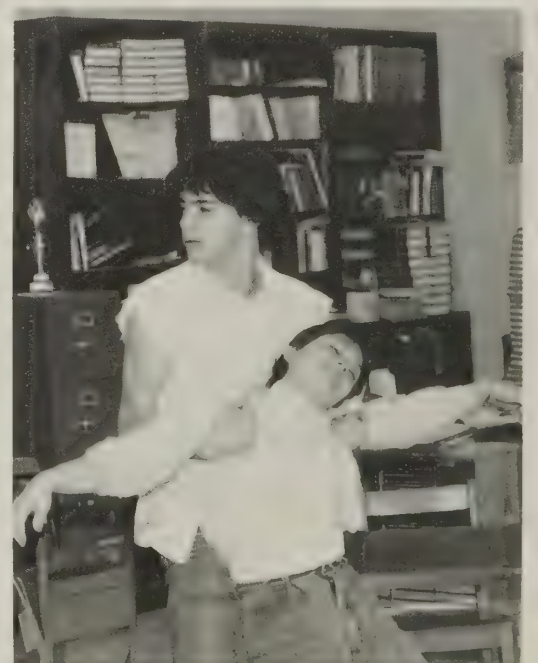

To be a Thespian is the ultimate dream of any Drama Buddy. The International Thespian Society is a world wide honorary fraternity of those students dedicated to the advancement of the Theatre Arts. Thespian Troupe members participate in theatrical productions at Herndon, and work to earn points toward lettering in Drama, and then working toward honor Thespian status. Senior members may wear a light blue tassel at Graduation, representing their hard work and accomplishments in Drama and the Theatre.

Left to Right Jeni Stover, Ian Evans, Glenn Gillen, Tom Ruiz, Kurt Teignley, Karen McConahy, Mike Schlesiner, Dani Hurt-Ritenberg, Cast and Crew of **Schubert's Last Serenade** Prize winning one act play.

"High school is what you make of it."

The excitement of drama knocked Karen McConahy off her feet.

"Yeah, some work does get done around here."

The staff of **Science Etc.**, the first high school science journal in Fairfax County, spent the year gathering material for the second volume, which was issued in May. The 1984 volume of the journal included 48 pages of academic articles, news, games, features and opinions. Science fiction and a special section on nuclear war were highlighted. The journal gained recognition after several articles about it appeared in national writing publications and in the **New York Times**. Science Etc. also won a \$500 grant from the **Washington Post**.

"Look, I've told you once I'll tell you again," explains editor-in-chief Steve Mason, "You can't use crayons on final deadlines."

The Stinger

Scott Farmery ponders the meaning of life.

The STINGER is the carrier of good and bad news brought to us by the Journalism class, which produces it monthly.

The STINGER informs the community as well as the school on sports, student activities, such as Spirit Week, and seasonal events. It also presents features on the SAC and an Editorial page where students can voice their opinions on various subjects.

This year the STINGER was included in a package with the Yearbook, which was beneficial, because it was able to reach more students.

Suzanne, I'll never forget your expression of joy and enthusiasm when you first learned of being chosen editor-in-chief. The smiles soon turned to blank and sometimes fearful expressions as you struggled with seemingly unsurmountable odds. Help was not that plentiful and many days were total "bombs" but you came through like a true champion; many heartfelt thanks.

Shana, Ann, Bobby, Joe and Wendy, to mention a few, we could never have made it without you guys.

Bryce, thanks for hanging in there to the bitter end. Your devotion is truly appreciated. Keith and art staff, you did much to add some humor. George, this place will never be the same without you. I will miss you very much. You're a great guy and a real help. Thanks!

F. Case

Cathy and Karen, great people and loads of fun to be around.

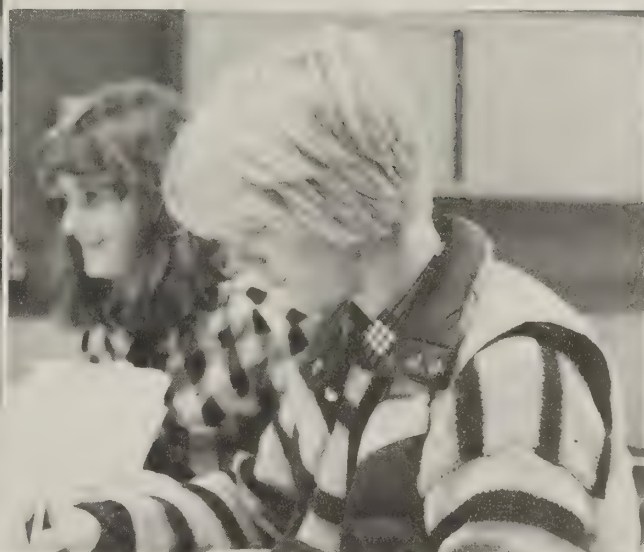

The two sides of the infamous Bryce Finnerty. (I had to do it Brycell — Suzanne)

Suzanne Whaley, editor-in-chief

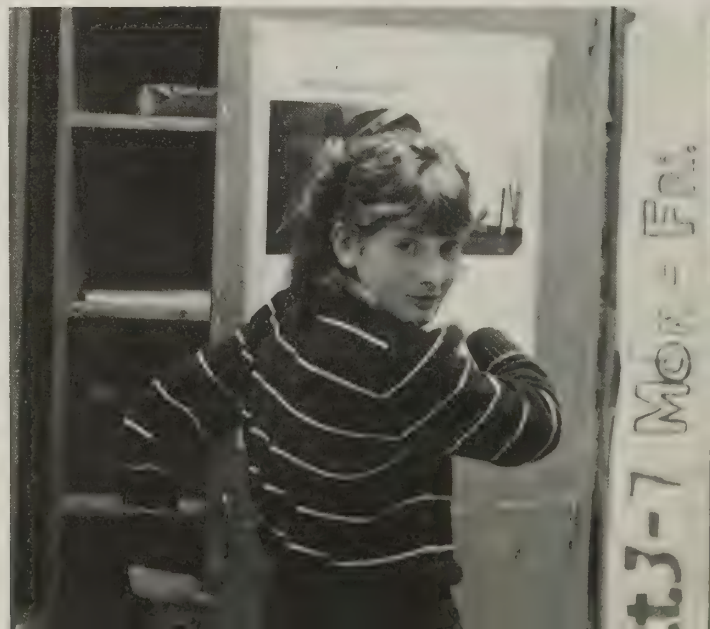

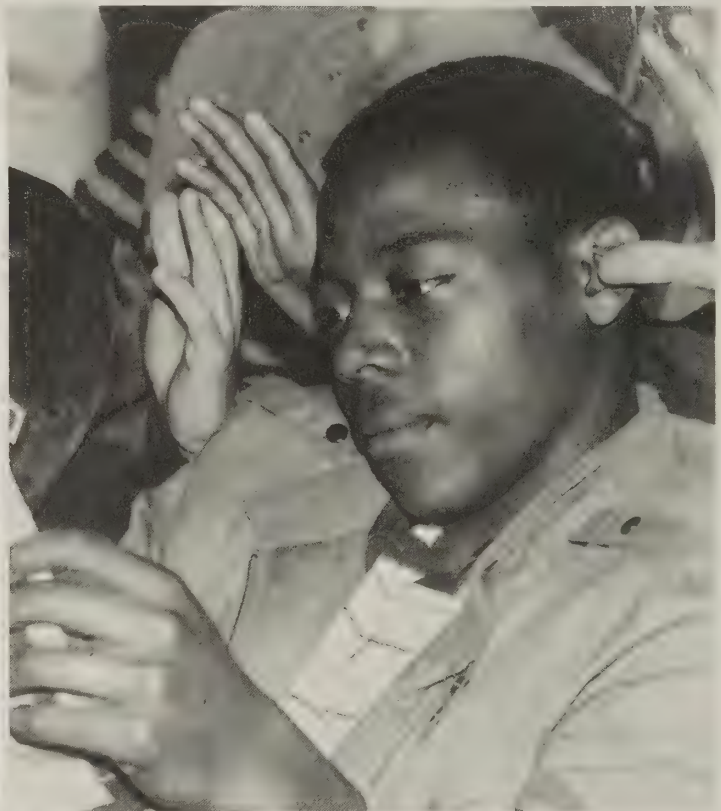

Little Shana, moral supporter and great gal.

School Daze

A — Alphabet Order — The process Which assures that you will sit with the same flakes and dummies in each class all year.

B — Book Report — Brief synopsis of the book jacket and first and last paragraphs of the book.

C — Class discussion — The three brains in the front row discussing Mouliere with the French teacher while everyone else talks about who is going out with the super stud Friday night.

D — The good/bad grade — The good part is you didn't fail. The bad part is you may as well have.

E — Essay Exams — More than you've ever written about less than you've ever known.

F — Free reading period — Comic book time.

G — Graduation — 1) the process by which the freaks, weirdos, and nerds of today become the flakes, weirdos, and nerds of fond memory. 2) the absolute final day to turn in term papers and assignments. 3) JUNE 4, 1984

H — Honor System — tests in which you're watched like a hawk from the back of the room instead of the front.

I — Intelligence Quotient — number calculated by taking the sum total of all available knowledge, minus every thing you have forgotten or slept through, divided by number of hours spent playing video games and watching soap operas, times the square root of your shoe size.

J — Just a Little homework — Read and outline six chapters and do all the questions. Print single spaced on one side of the paper, due tomorrow at 7:40 A.M. Sharp.

K — Knowledge — Mysterious contents of the mind of the genius of the first row, third seat from the left.

L — Locker partner — That seldom seen person who's most noted characteristic is slopiness and who's gym shoes smell like buzzard breath.

M — Multiple Guess Test — Three out of four chances to guess wrong.

N — Nutritional Lunch — Oral lumpy object on white bread covered with orangish gravy, gray french fries, green jello with something in it and murky milk.

O — Oral reports — System of public ridicule devised to teach humility.

P — Phys. Ed — Course which challenges student's excuse writing skills featuring such strenuous exercises as stretching the truth, dogging the issue and straining credibility to artfully skip classes.

Q — Quiz — The "gotcha" teaching technique

R — Required Reading — The huge stack of books you begin to read the night before the final exam!

S — Study — Those precious moments between soap operas, movies, sports, video games, food, personal grooming and talking on the phone when one opens one's school book and falls asleep.

T — Teacher — Tireless warriors in the never-ending battle against ignorance, spitballs and dangling particples.

U — Unsatisfactory — Tactful term for vile, shoddy, completely worthless and disgusting school work.

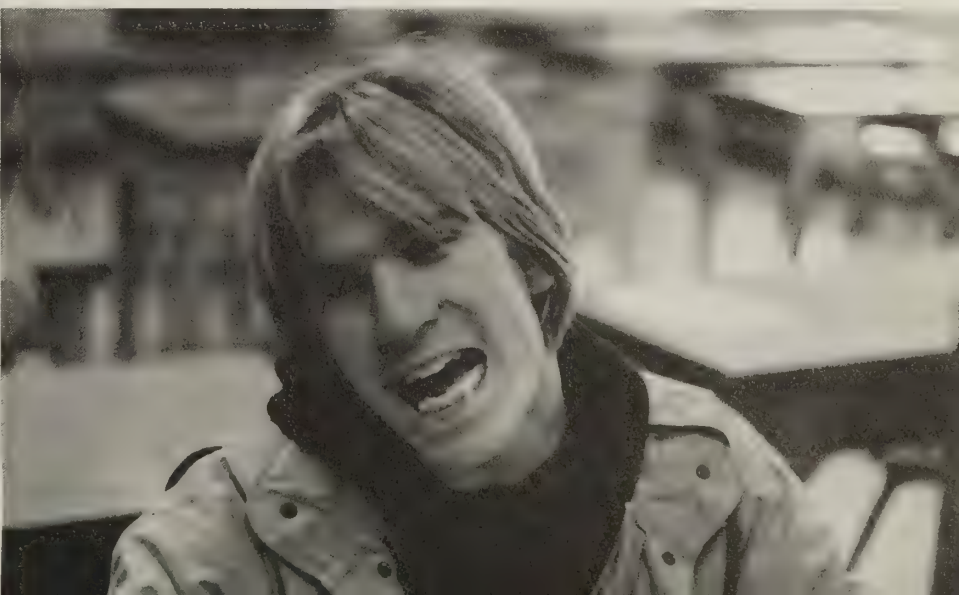

V — Vocational course — any course involving sawdust, iron-filling, or building with ice-cream sticks taught by the coach.

W — Worry — Creative substitute for drudgery of homework.

X — X-amination, X-asperating, X-ercise, in the X-ousting pursuit of X-cellence.

Y — Youth — Years exchanged for a sheet of paper in a dead language and a flat hat with a piece of string hanging from it.

Z-ZZZZZZZZ — What you catch during 1st period government lectures, during study halls, "educational" films, and sometimes even tests.

HOW TO PRIORITIZE

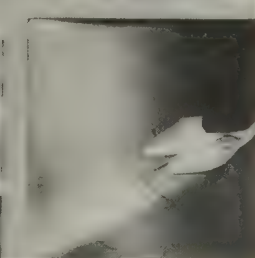

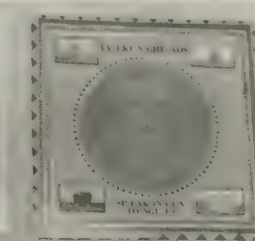

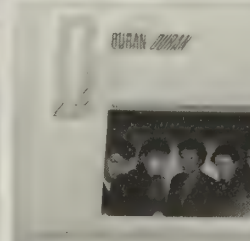

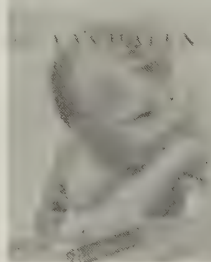

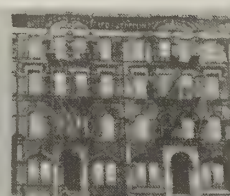

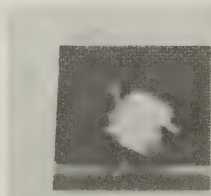

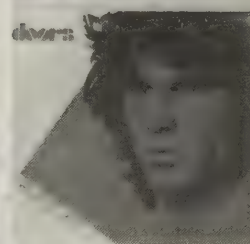

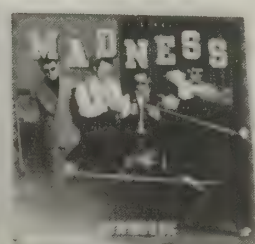

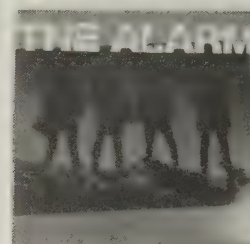

I have so much to do — I don't know where to begin! My heavens, teachers give so much homework. They must think we don't get assignments in any other class. It makes me so mad. No matter how hard I try, I can never get it all done.

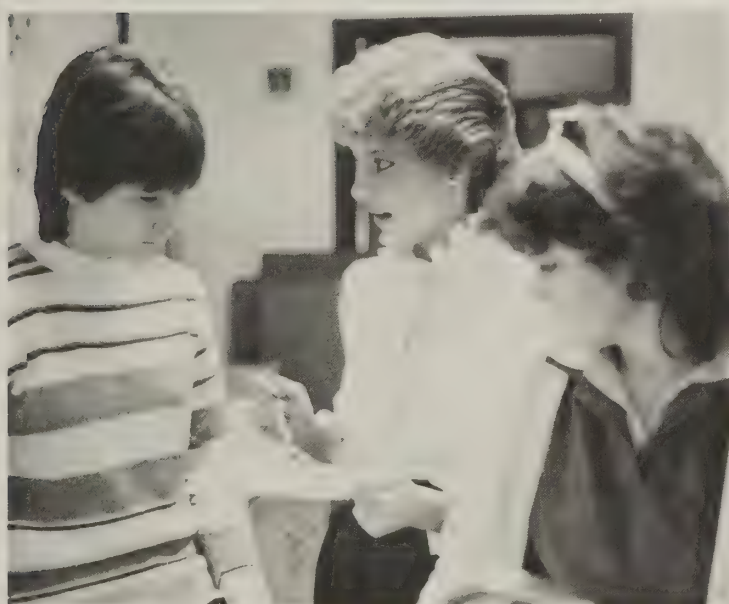

Let's see . . . what's due tomorrow? A test in Biology on fruit flies and genetics; a Psychology outline on chapters 10 and 11; 52 exercises on page 189 in Functions; and of course, tomorrow is my current events day in Government. I mustn't forget the five programs in Computer either. Gads!!! Where do I start?

How about with Biology? Naw, I just can't deal with fruit flies this soon. Let's try Computer. "Write a program to calculate the net pay of . . ." Aw who cares about pay that isn't mine? I could impress my government teacher and be prepared for current events. GREAT! Mom put the paper down for Rover! Speaking of Rover — it's time for a walk.

Hey great! We got back just in time for dinner. Boy what a meal. I can't work now. I'll talk on the phone for a bit to relax and then cram for a few hours.

Hey! Look at how late it is. Better go get my shower. That felt good. I'm too warm and comfy to study. Besides, it's so late. I'll get up early and do it . . .

WOULDN'T YOU LIKE TO SEE . . .

Your counselor's SAT scores?
 Your English teacher's first essay?
 Your Social Studies teacher's first map?
 The P.E. teachers physical fitness scores?
 The teachers carrying around the "hall passes"?
 The teachers go to lockers, stop by the bathroom, and still get to class on time?

Teachers' Famous Sayings

Mr. Sirk . . . You bet your sweet bippy.
 Mrs. Stirewalt . . . Nevertheless . . .
 Mr. Masters . . . Now listen carefully, this is important so wake up the person next to you . . .
 Mr. J. Smith . . . AAAA-ite?
 Dr. Kosek . . . Ya see?
 Mr. Boran . . . Boni, boni, boni!
 Mr. Redrup . . . Hey, Chief!
 Mrs. Farfaglia . . . Ya see where I'm comin' from?
 Mrs. Swicord . . . Certain'y
 Miss Newcome . . . You little twit!
 Mrs. Swicord . . . Are you with me?
 Mrs. Cushing . . . Yah, aha, aha, yah, right, aha.
 Mr. Boran . . . I can see by the old crack in the wall, it's time to change to the big board, where the scores can really, really change.
 Mrs. Daniels . . . Shutt uppp!!!

THOSE INEVITABLE THINGS YOU MUST DO, BUT WOULD DO ANYTHING TO GET OUT OF.

Well, either the food's getting better or they're making kids tougher now, that's the third one to make it out the door.

1. Get up in the morning.
2. Ride the bus.
3. Going to first period.
4. Going to any class.
5. Going to the cafeteria.
6. Going to Physics unprepared for a gate.
7. Selling candles and cookies door-to-door.
8. Going to Wednesday night band rehearsal.
9. Turning in the 4th quarter senior Government paper.
10. Taking the SAT.
11. Trying to find out your locker combination when the locker list is stolen.
12. Waiting for the late bus.
13. Dressing out for Phys. Ed.
14. Carrying the new "hall passes".
15. Taking final exams.

MATH TEAM

Julie Rubin

I met Julie in the tenth grade. Then, the last thing in the world I thought I'd be doing now is writing her "In Memoriam" page. She was probably the most natural person I'd ever met. Tenth grade was my first year here, and Julie helped me through my classes and my "first year" traumas. She was extremely intelligent and was well liked by everyone. She wasn't your typical 4.0 "brain"; she was very outgoing and took everything in stride. She played many sports well — soccer, softball, basketball. She was better than me in all of them (even basketball) and I'm 6 inches taller.

In the 11th grade we didn't have any classes together, and we kind of lost touch. Over the summer she would often come into where I worked; barefooted Julie always had a smile. When I found out she passed away, I was taken by surprise. All I could think about was the last time I saw her. It was a clear summer day, Julie was barefooted and in shorts, but most of all, I remember she was smiling. Julie, wish you were here.
